Roster of Statistics Experts (ROSE)

The Roster of Statistics Experts (ROSE) serves for hosting the profiles of professionals that work in the official statistics sector or in other sectors that deliver services contributing to the efforts of the agencies with an embedded statistical role.

By establishing a pool of relevant expertise, the ROSE is expected to be instrumental in identifying the available professionals in relevant domains of official statistics as per the taxonomy of Classification of Statistical Activities (https://bit.ly/CSA_Rev1_Oct2009) for the current and future statistical activities of the Centre. In addition, the ROSE will contribute significantly to useful exchange of information and experiences within the Islamic World through enabling the flow of communication between the professionals and the relevant stakeholders.

Please see our below sections for getting registered with the ROSE and/or searching the individuals with public profiles.

A) GETTING REGISTERED WITH THE "ROSE"

If you wish to be included in the ROSE, please complete and submit the [online registration form](#) (in English only). After SESRIC's confirmation, your information will be published in the ROSE based on your consent within 5 working days.

B) SEARCH THROUGH THE "ROSE"

If you wish to search the individuals registered with the ROSE, the query could be done according to country and/or field of expertise.
